

Would you like to advertise to 5000 people?

Shrewsbury Community Theatre is a non for profit organization helping hundreds of thespians, and providing quality shows four times a year. This diverse group averages 1200 in attendance every production and many more behind the scenes. We would like to offer you the opportunity to advertise to this large group of people for a very small price, while participating in the growth of our organization and those involved. Every dollar we make goes back into the theatre itself! Limited space available for our next production December 10th - 14th.
